### **PROJECT PLAN**

<b>Team Name</b>	<b>Team Miggy</b>
<b>Section</b>	S11
<b>Team Members</b>	Castillo, Reneé Dominique M. Cempron, Jonathan Paul C. Deogracias, Nolan Matthew T. Hayakawa, Yuuki V. Nablo, Juan Paolo J. Olan, Andrea Michelle M. Punzalan, Alexander John M. Tejada, Mima Maiden B. Torres, Miguel Alfonso C. Vivo, Roi Emmanuel A.
<b>Date Submitted</b>	21 February 2016

## Table of Contents

1	Product Backlog	1-1
2	Iteration Plan	2-1

## 1 Product Backlog

*This section lists down all the user stories and the specific tasks to accomplish them.*

<b>User Story #1:</b> An employee can search for forms (Quotation, Purchasing Order, Delivery Monitoring Sheet, etc).			
<b>Total Estimate (Days):</b>		<b>Priority:</b> 10	
<b>Assigned to:</b>			
Task #	Task Description	Effort Estimate (hours/days)	Assigned to
1	Create the “tabs” user interface		
2	Create the “Search Form” page (including the drop-down menus, text box/es, buttons, and alike)		
3	Create the “Search” function		

User Story #2: An employee can add forms into the database.			
Total Estimate (Days):		Priority: 10	
Assigned to:			
Task #	Task Description	Effort Estimate (hours/days)	Assigned to
1	Create the “tabs” user interface for the forms (“Quotation Form” tab, “Purchase Order” tab, “Delivery Monitoring Sheet” tab, “Sales Invoice” tab, or “Delivery Receipt” tab)		
2	Create the “Add” sub-tab page (including the text boxes for the fields to be filled up and “Add button)		
3	Design and create tables for the forms		
4	Create the “Add” function for the forms (including error and confirmation messages)		

**User Story #3:** An employee can update and modify a specific form (Quotation, Purchasing Order, Delivery Receipt, Delivery Monitoring Sheet, etc).

**Total Estimate (Days):**

**Priority:** 10

**Assigned to:**

Task #	Task Description	Effort Estimate (hours/days)	Assigned to
1	Create the “tabs” user interface		
2	Create the “Search Form” page (including the drop-down menus, text box/es, buttons, and alike)		
3	Create the “Search” function		
4	Create the “Modify” function (including error and confirmation messages)		

**User Story #4:** An employee can download/export a summary of the delivery monitoring sheet.

**Total Estimate (Days):**

**Priority:** 10

**Assigned to:**

Task #	Task Description	Effort Estimate (hours/days)	Assigned to
1	Create the “tabs” user interface		
2	Create the “Download” sub-tab page (including the buttons)		
3	Create the “Search” function		
4	Create the “Download” function		

## 2 Iteration Plan

*This section details how the different user stories are divided and prioritized in iterations.*

User Stories	Iteration 1 Feb 16 - Mar 16	Iteration 2 Mar 23 – Apr 20
1 – Search Forms		✓
2 – Add Forms	✓	
3 – Update and Modify Forms	✓	
4 – Download/Export Delivery Monitoring Sheet		✓
